

Empowering Software Careers: Ferilion Labs Vision for Inclusive Skill Development

- To become a one-stop destination for any aspirant who is dedicated to turn their software career around.
- We envision a future where no person is left behind in bagging their dream job due to lack of relevant skillset.
- We strive to arm them with a wealth of relevant domain knowledge and prime them with problem solving skills so they are prepared to not only tackle the dynamic challenges they face in their career but also thrive in the process.
- In doing so, we aim to become a major driving force in the ed-tech industry to contribute to this transformation at large.

At Ferilion Labs, our mission is to empower individuals to achieve their full potential in the ever-evolving landscape of technology and career development. We are dedicated to bridging the gap between knowledge and industry requirements, providing comprehensive training, resources, and unwavering support to guide our learners towards a successful and fulfilling career. Our commitment is to ensure a 100% Placement rate for job seekers, fostering a community of excellence and continuous growth.

FERILION LABS

Ferilion Labs

Dream - Create - Achieve

100% Placement Rate

96% Survival Rate

Ferilion Labs was launched in June 2023. We have started this to pursue our goal of providing training in high-demand programs in a simulated corporate environment. Having placed over 100+ candidates in illustrious companies through Ferilion Labs in the last 1 year and 700+ closures in the last 4 years with a 100% placement rate and 96% survival rate from previous training and placement experiences, we took a leaf from the old book in helping bridge the skill gap that is prevalent in the IT world.

Our Few Sucess Stories
